↑ Layered stroke by stroke with a single Lespedeza stalk.

16 SOLO EXHIBITIONS SINCE 1996

Is it a painting, or is it breathing?
그림인가, 숨인가?

「가까이에서 보면 섬세한 선들이 생동하고, 멀리서 보면 화면 전체가 차분한 숨결로 다가온다.」

"Up close, delicate lines move as if alive; from a distance, the composition settles into a calm, quiet breath."

— from the artist statement
